

## The Fall Baseball Interest Survey

Glen Ellyn Youth Baseball Association (GEYBA) is considering starting a Fall Baseball Season next fall depending upon the level of interest. The purpose of the Fall Baseball Season will be to allow kids to enjoy organized baseball in the fall while they continue to develop their baseball skills. Registration for Fall Ball would be sometime in April of 2008.

Evaluation: Tryouts to assure team parity would be held in June 2008. Season would run from mid August to mid October with an end of the season tournament. Leagues will be formed based on the number of same aged kids who desire to play and field availability. The time commitment would involve at least one weekday practice with two week-end games.

A serious commitment of 80-90% participation in practices and games will be anticipated.

Expected cost would be approximately \$195.00 per player. Please note that this is a pilot program being investigated and developed by GEYBA and therefore may be extended to a limited age group or not offered at all depending on the interest level determined by this questionnaire and availability of resources (i.e. Fields coaches, umpires, etc.) in the fall.

My child would plan on signing up for fall baseball if this program existed. Yes\_\_\_ No\_\_\_  
My child is interested in playing during the fall season and would prioritize baseball over other sports in an attempt to maintain a 80-90% participation rate. Yes\_\_\_ No\_\_\_

I would be available to coach a fall baseball team. Yes\_\_\_ No\_\_\_
